### **Supporting Parents Helpfinder (Young Minds)**

Times are tough for many people right now. Parents find themselves pulled in many different direction and children may be struggling being in the house for so much longer than usual. A mixture of concern about covid, work from home and children at home, along with a possible financial impact make for a stressful household.

Young Minds have created a useful 'Supporting Parents Helpfinder'. By answering six questions, parents can find out how to support their child's mental health during the pandemic (and beyond). Find the help finder here: <a href="https://youngminds.org.uk/supporting-parents-helpfinder/">https://youngminds.org.uk/supporting-parents-helpfinder/</a>

### When emotions explode (Young Minds)

Young Minds have also created a useful poster highlighting ways to give support to children when they have angry feelings or outbursts and may help families start a conversation and talk about each other's feelings.
